

“ePro Scheduler is the most user friendly and flexible software you will find.”

Douglas Hooten, Executive Director
MAST Ambulance, Kansas City, MO

ePro Scheduler

ePro Scheduler is a fully automated web-based scheduling system that provides the foundation that businesses have come to rely on to manage day-to-day operations and keep the work force informed and plugged in.

ePro Scheduler combines **schedule control, time & attendance and payroll management** into one accessible system.

The ability to quickly generate and distribute schedules and receive feedback from employees ensures that the current schedule and payroll information is always up-to-date and accurate. The time & attendance solution lets you track actual attendance against the posted schedule.

Our monthly pricing guarantees the: **total lowest cost of ownership.**

Automated Scheduling, Payroll and Time & Attendance

Your organization will see immediate benefits using tools that automate the weekly maintenance and distribution of employee schedules and payroll.

The ability to quickly generate and distribute schedules and receive feedback from employees ensures that the current schedule and payroll information is always accurate and up-to-date.
